**COLLABORATIVE. COMMITTED. COMMERCIAL.**

## The global espresso standard. The perfect companion for the finest espresso machines.

- Quality design, quality results – titanium burrs, Clima Pro temperature regulation at 35 degrees, three individual dose adjustment buttons and sound-proofing. The Mythos One embodies intelligent and reliable design. It's the global standard, developed by the industry's elite and used by the coffee world's very best – it's the World Barista Championship grinder of choice.
- The highest quality coffee – exceptional espresso extraction starts with a consistently precise grind. Quality components and intelligent design deliver the highest quality extraction shot after shot.
- Designed around the barista – hands-free grinding, stop-and-go technology, open lines of sight and stepless control of grind coarseness combine to boost speed of service and workflow efficiency.
- Key features – micrometric grind adjustment, clump crusher, LCD multilingual display, transparent bean hopper, portafilter hook, Clima Pro and fan cooling system.
