

BLACK&WHITE 3

CT

BLACK&WHITE 3 CT

Manufacturer Thermoplan AG, Weggis, Switzerland

Preparation of Coffee specialties, hot water

Capacity per hour 240 espressos / 200 coffees / 100 hot water

Brief description The BLACK&WHITE3 CT prepares coffee as well as hot water and, with a width of only 350 mm, is ideal for any counter.

Special features The BLACK&WHITE3 CT has a modular design. The individual modules can be serviced or exchanged in the shortest amount of time. Optionally with standard outlet or as POD version. The POD outlet is a height adjustable special outlet which makes it possible to use all conventional coffee pads. Caffeine-free or special blend- with the POD outlet the BLACK&WHITE3 CT is even more flexible.

Operation All products can be flexibly added to the color touchscreen and adapted to individual needs. All devices on the machine for manual work steps such as filling the beans or emptying the grounds drawer are easy to use and are displayed on the touchscreen.

Cleaning The coffee machine has an automatic cleaning system. A touch of the button is all that is needed and the device shows the cleaning cycle on the display, step by step.

Design

- Modular assembly
- Solid aluminum grinder with ceramic discs
- Stainless steel brewing unit
- Chromed steel front
- Touchscreen with 7" LCD-Display
